

Enabling Companies to Improve Overall Productivity

Built to work reliably in environments where others fail.

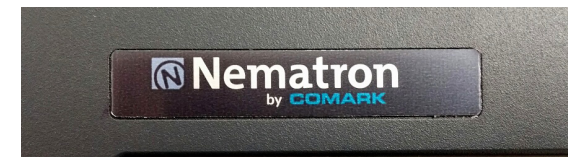

The most Rugged and Reliable Industrial Computing Solutions

What makes Nematron brand products different from others?

- **Proven Reliability**
Customer proven performance
- **Certifications**
UL, ATEX, IEC, CE and FCC
- **Smarter Automation**
IIoT Enabled Platforms
- **Longer Product Lifecycles**
Minimum 5-year product lifecycle

Nematron has been a trusted operator interface brand name since 1983 with a track record of tens of thousands of computer systems installed worldwide, many of which are controlling or driving the machines and systems that produce the things we touch and depend on every day in our lives.
